

BOX PALLET TIPPER INTENDED FOR FRUIT AND VEGETABLES

Box pallet tipper
Intended for fruit and vegetables

The machine is made of very durable materials and components, which means it can be used for a long time without any signs of wear and tear or destruction. It will therefore meet the expectations of even the most demanding customers not only in terms of functionality, but also quality of workmanship.

The box pallet tipper is used to speed up the process of unloading boxes. Thanks to its design, it is a very universal device. It can be a separate workstation or part of a larger production line.

Technical data:

- Maximum lifting capacity 1000 kg
- Number of cylinders 2
- Hydraulic pump
- Electric motor 380V 2 kW
- Power supply 400V/ 50Hz
- Lever control
- Box dimensions 1.2 x 1.0 x 0.8 m
- Material Stainless steel
- 4 anti-slip feet
- Lifting/lowering force adjustment
- Maximum tilt protection - box pallets Limit switch

- Additional profiles facilitating the transport of the device with a forklift
