

BUCHER BASKET PRESS JLB FOR GRAPES

As a balance between tradition and modernity the Bucher JLB Automated Basket Press eliminates any constraints of the old basket presses. Attractive, movable and space-saving, this press can easily be integrated in any cellar. The press is perfect for pressing pomace after maceration.

Bucher JLB	Capacity	Filling capacity of fermented pomace* (kg)
5	5 hl	500
12	12 hl	1 200
20	20 hl	2 000

*For information only (corresponding to 3 000 – 4 400 kg of macerated grapes for the JLB 12 and 5 000 – 7 300 kg for the JLB 20.
