

HYDROPRESS LANCMAN 80, 120, 170 AND 250 LITERS

The highest quality juice presses made by Lancman - Gomark. They are easy to use and efficient. Pour ground fruit into the press, close the cover and connect the press to your garden hose. Using household water pressure, the rubber bladder expands outward, pressing the fruit evenly against the inner surface of the basket.

The pressure gauge allows for accurate monitoring during pressing. A pressure limiting valve allows for long, slow pressings. A pressure dump valve prevents over-pressurization.

Basic equipment:

- pressure regulator (1-4 bar) for automatic pressing (more in instructions of the press),
- additional plastic bag for protection at pressing (cover of the press),
- green filter net for easier pressing and emptying of the press,
- two fixed and two mobile transport wheels with a brake for easier moving of the press,
- tilling system for easier emptying of the press.

MODEL	CAPACITY OF THE PRESS [LITERS]	WORKING PRESSURE	DIMENSIONS [CM]	WEIGHT [KG]	PRESSURE REGULATION
VSPX 80	80	3 bar	60×60×130	64	1-4 bara
VSPX 120	120	3 bar	80×87×130	76	1-4 bara
VSPX 170	170	2,5 bar	88×90×135	83	1-4 bara
VSPX 250	250	2,5 bar	88×90×155	105	1-4 bara

PRODUCT VARIANTS

VARIANT	PRODUCT CODE	PRICE
80 liters	VSPX 80	Gross price: 6 615 € Net price: 5 378 €
120 liters	VSPX 120	Gross price: 7 673 € Net price: 6 238 €
170 liters	VSPX 170	Gross price: 8 414 € Net price: 6 841 €
250 liters	VSPX 250	Gross price: 9 790 € Net price: 7 959 €

DEVICE SPECIFICATIONS

Producer warranty: **1 year**
