

IMPELLER PUMP MB

Reliable, versatile, equipped with a new spur gear motor. The pump runs quietly and gently conveys the pumped medium.

The SCHNEIDER MB series rotary pump version features:

- gentle medium feeding thanks to low operating speeds
- stable spur gear motor
- large rotors

- shaft protection sleeve on the pump shaft guarantees good pump sealing
- pulsation-free transport
- includes emergency stop switch, mains filter and screened cable

Application examples:

Distilled mash, fruit pulp, grape pulp, wine, must, fruit juices.

Pump without frequency converter, two-speed.
