

MANUAL SELF-ADHESIVE LABEL APPLICATOR

Gross price:
2 374 €

Net price:
1 930 €

Dispenses self-adhesive labels from a roll, and feeds them out, so that they are ready to be taken off and put on the jar. The machine will increase the productivity of the small filling operation due to better workflow.

Works also with hex-jars!

Can take labelrolls with up to 200mm (7 7/8") in diameter.

Max. label height 75 mm

Min. diameter on the inside of the labelroll with label 15mm

Max. height from the bottom of the jar to the bottom of the label 28 mm - Min heights is 2mm.
