

## STORAGE OR TRANSPORT TANK, ST-T, SPEIDEL

Storage or transport tank, ST-T, Speidel. Capacity: 1000 litres.

The ST-T storage, transport and stacking container is versatile in every respect. Firstly, you can stack up to three filled tanks on top of each other. On the other hand, many applications are possible with the right accessories.

The solid stainless steel frame can be accessed from four sides by forklifts or pallet trucks. For even greater safety during transport by forklift, the tanks are additionally equipped with forklift pockets, which can be accessed from two sides.
